To apply for this position, send your resume and cover letter, with references to nbtap@qnb.ca

- Ensure your cover letter contains the Competition Number and Job Title for this opportunity.
- Provide three references with their full contact information (first and last name, email, and phone number)
- Indicate two other skilled trades areas of interest, to ensure that we might be able to accommodate you within another employment area, if unsuccessful.

Employer Information:

Aluma Systems began in 1972, overtime resulting in Aluma Beam, a breakthrough in construction engineering that revolutionized the industry by introducing high grade aluminum forming and shoring components to replace the expensive and heavy steel equipment. With four decades of experience in more than 50 countries, Aluma Systems improves the quality and speed of construction all over the world. From high-rise towers, dams and stadiums to bridges, transit systems, and water treatment plants no one has revolutionized on-site productivity more than Aluma Systems. Aluma Systems became a subsidiary of Brand Energy & Infrastructure Services in 2005. In 2018 Aluma and Safway, formed AlumaSafway, merged to make the largest access company in the world. Their world-class engineering team is continuously developing concrete formwork product enhancements for increased safety, productivity, and customer-specific design requirements.
